

Biography – Roger A. Hahn

Have forty five years of experience in the telecommunications industry starting with Northwestern Telephone Company in 1963 as a summer intern. Was assigned to work for AT&T as a technology training course developer and instructor in the early 1970s at the Bell System Technical Education Center (BSTE) near Chicago. When returning to Northwestern Bell Telephone Company went through the sequence of different organizational structures and company names from Northwestern Bell to USWEST TRICO Services (Managing the consolidation of Mountain Bells, Pacific Northwest Bells and Northwestern Bells Capital Allocation, Capital Budgeting and Capital Budget Management processes of the three companies into one uniform process for USWEST.

Retired from USWEST in 1993 leaving the job of Capital Allocation, Capital Budgeting and Capital Budget Management Director for the 21 departments in the USWEST fourteen state territory and for six subsidiaries of USWEST Inc. After USWEST I worked under contract with the Applied Information Management Institute (AIM) for six months to manage an international telemedicine conference. In August of 1994 I accepted the assignment of Executive Director of the Nebraska Information Network where I am still employed. I was raised on a farm southeast of Battle Creek, Nebraska and graduated from the Norfolk Senior High School. Still have a love for small towns and rural farm and ranch lands. Have a Masters Degree in Structural Engineering and a Masters Degree in Engineering Mechanics from the University of Nebraska in Lincoln.

Roger A. Hahn, Executive Director
Nebraska Information Network
